

## Run A Mile Together With Us!

[www.brooklinemilerace.com](http://www.brooklinemilerace.com)

The Village Fair Road Mile is a one-mile race planned collaboratively by the Brookline Extended Day Advisory Council and the Town of Brookline. The race will take place in the afternoon on June 12<sup>th</sup>, 2016 as part of The Village Fair, a large street festival in Brookline Village. Proceeds will be donated to support after school programming for low-income and at-risk elementary school children in Brookline.

### There are many ways you can get involved:

**RUN:** Whether you are a seasoned racer, new to running, or just like to test yourself on the roads every now and then, The Village Fair Road Mile has something for everyone. The course is flat and fast with minimal turns, promising speedy times for those who want to see how fast they can run a mile. HOWEVER, one mile is a distance almost anyone can run. We have a downloadable one-mile training plan and strength-training circuit on our race website, appropriate for all ages and abilities, to help anyone who wants to participate in our race.

**VOLUNTEER:** Not a runner but still want to help out? We are looking for course monitors, medical personnel, and folks to help with set-up and clean-up. Sign up on the volunteer page on our website and we'll get in touch.

**DONATE:** Reach out to family and friends to sponsor your child's run or make a donation to fund another child's run. Keep track of the donations with our downloadable sponsorship form, available on our website, then turn them in on race day. Top fundraisers from each Brookline K-8 school and from Brookline High School will receive awards.
