

2nd Annual Brookline Youth Climate Adaptation Challenge

Saturday, April 1, 2017 11:00 am – 2:00 pm
(Judging starts at 11:30 am. Certificates awarded 1:45 pm)

Pierce School Cafeteria
50 School Street, Brookline

**Participate In This Unique Environmental Fair
that Celebrates Nature Inspired Innovation, Art & Science!**

Guidelines:

- **Be Creative and have fun!**
- **Address a current climate change / adaptation challenge.**
- **Spend less than \$20 on materials.**
- **Grade categories: K & 1st, 2nd & 3rd, 4th & 5th, 6th - 8th, and 9th - 12th**
- **Present your new idea, concept, theory and experiment that pertains to one of these categories:**

Biomimicry: (Look it up!) - Look to nature and natural systems for inspiration. Mother Nature never wastes anything, and engineers and designers are looking at nature-inspired solutions for innovative sustainability.

Art: Eco-art display, eco-poetry, eco-themed dance or play (5 minutes total)

Water: Propose a solution addressing water quality and pollution, wastewater, water bottles, water conservation and drought.

Limited Space!

To register, email the following to CrystalJohnsonISES@gmail.com:

- Youth Name(s)
- Grade and School
- Brief Project Idea Description
- Entry Type (individual, family, group, class, team)
