The Brookline Special Education Parent Advisory Council (SEPAC) is an all-volunteer organization of parents/guardians of children with disabilities in the preschool, elementary school, high school, and in out-of-district schools (via Brookline placements), as well as other interested parties, who meet to learn more about special education in Brookline. We advise the school committee, sponsor workshops, have informational meetings and discussion groups, participate in legislative lobbying efforts and a variety of other activities to help improve our children's education.
